

# Welcome to Acrobat Reader

Here are four quick tips to help you  
get up and running.

- 01 Open a PDF from mail
- 02 Get recent files from *My Documents*
- 03 Read documents anywhere
- 04 Use tools on your PDF

Keep reading to learn more.

# 01

---

## Open a PDF from mail

When you encounter a PDF file, tap on the Share icon and choose "Copy to Adobe Acrobat Reader."

# 02

---

## Get recent files from My Documents

Tap the file list menu in the top bar to see your recently viewed files, or access files stored in Adobe Document Cloud.

# 03

---

## Read documents anywhere

Files open in the Viewer. From here you can scroll and zoom, change the view mode, and search for text.

# 04

---

## Use tools on your PDF

Tap the tool switcher to see the full menu of tools including Comment and Export PDF.
